KYOTOGRAPHIE Outline

The 2nd edition of the KYOTOGRAPHIE International Photography Festival will be held in Kyoto, Japan from 19th of April until the 11th of May, 2014. We are proud to announce a diverse selection of outstanding internationally acclaimed photography.

Our Environments is the overarching theme in 2014, exploring our planet, our relationships to each other and nature, our impacts and influence, and the world's we seek to understand. These exhibitions and the related programs offer us an opportunity to reconsider our current state and surroundings, while enjoying a city famous for its blend of natural wonder and man-made beauty.

Exhibition Program

1. Mars, a photographic exploration presented by Xavier Barral in partnership with NASA, JPL and The University of Arizona **2. Diorama Map** Sohei Nishino **3.
