2023 Spring / Summer Collection

**FASHION REMEDY**

This season's theme is "FASHION REMEDY" pouring "REMEDY" that makes this world more comfortable and heals people's lives into the creation and craftsmanship, and embarks on a journey that melts and lifts your heart. Welcome to "RYNSHU RESORT TERRACE" where you can be encouraged, empowered and healed by "FASHION".

The crystal pure blue sea that surrounds us endlessly, the sound of waves playing a beautiful melody and the brightly colored plants are illuminated by a dazzling light. The oasis beach and beautiful pink island flowers photographed by Rynshu in the Maldives are placed on silk satin with a pleasant texture and a gentle sheen to accelerate the vacation mood.

The cool breeze feels good on your skin after spending time on the beach and the resort forest heals your whole body. The full of the black tulle is embroidered with various botanical patterns and the blooming pink charm flowers are stitched in gradation to create an exotic couture look. The see-through black silk shantung is embroidered with leaves that fade slightly after sunset and the fresh buds are decorated with bijou. Cutting fabric out between the leaves reveals healthy skin and foreshadowing a mysterious night.

The strap belt of the original hourglass cutting jacket adds an accent to the vacation mood and the curved silhouette is tailored to a resort tailoring that sublimates into a simple and modern style. Light and noble materials such as silk triple organdie, chiffon and smooth silk printed sunlight filtering through foliage create the perfect resort dinner under the romantic moonlight.

Energize your mind and body with the shining sunrise and keep the memories of your beautiful trip in a bijou dress. The bijou and sequins are draped in light and each one is carefully sewn one by one just like a painting. The tanned legs peeking out from the silk dress hem melts your heart with the memories of summer... "FASHION REMEDY" that stays with us anytime, anywhere. Get ready your suitcase full of "REMEDY", where are you going?
